August 2018 McBee Calf Roundup Sale Report

On August 7, 2018, McBee Cattle Company customers sold Braunvieh and Braunvieh cross calves through the Missouri Valley Commission Company in Boonville, Mo. Five different weight groups of both steers and heifers were sorted into 10 groups to be marketed in larger groups. Following a Vac-45 protocol, the calves were all weaned, bunk broke, vaccinated twice and dewormed. They were also tagged with the McBee Calf Roundup identifying ear tag. The groups sold as follows:

449 lb. steers @ \$164.50	458 lb. heifers @ \$145.50
575 lb. steers @ \$157.75	543 lb. heifers @ \$145.00
633 lb. steers @ \$154.00	624 lb. heifers @ \$142.50
704 lb. steers @ \$148.50	702 lb. heifers @ \$135.25
799 lb. steers @ \$135.00	825 lb. heifers @ \$120.00

The McBee Calf Roundup is held twice per year to allow our bull customers a market for their calves in larger groups than selling by themselves. The calves are grouped by size and sex with our calves and other customers calves. The next Roundup will be in January 2019 for spring calves.
